# PROFILE

Hello! I'm Kelly

As a student in high school, I am an active member of the student leadership team, with experience in helping setting up and curating the student art exhibit. My passion for the arts continues on into university where I am currently studying art history with a focus on curation and the art market at the University of Melbourne.

But during my time as a student, I am also actively working, with more than two years of experience in hospitality. Although mundane, my time as a server taught me how to work well under-pressure and communicate clearly with costumers. Besides all that, I am also an active member of the community! Having volunteered with the Midsumma festival, I worked in their office for the preparation, and also worked on site, interacting with members of the community.

# WORK EXPERIENCE

here is all the places I worked at and what I learnt from it! From hospitality to H.R, I have quite the strange collection under my belt.

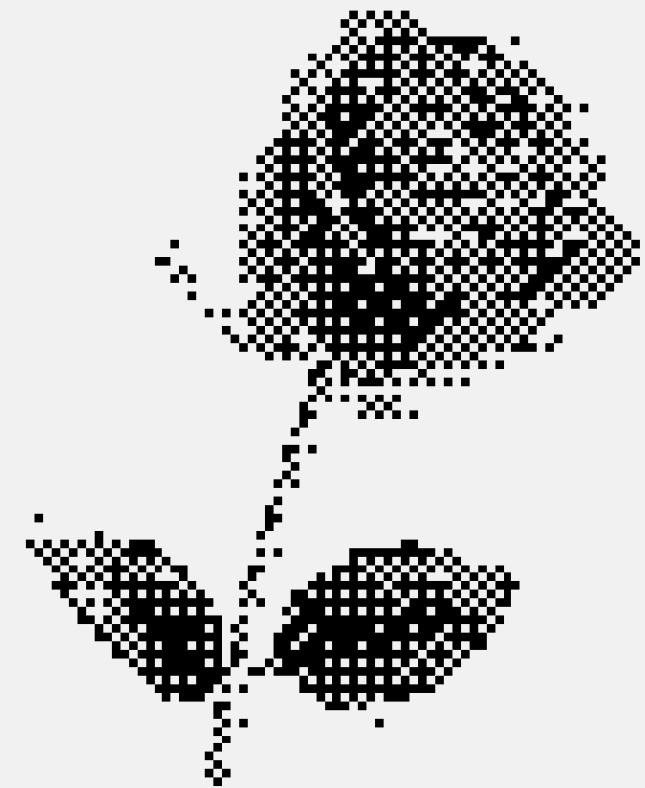

## DUMPLING STORY, WERRIBEE PLAZA

From April 2020 to December 2020. As a server, I was in charge of general housekeeping and food services, including dish washing. Here, I was also in charge of closing up shop at the end of the day.

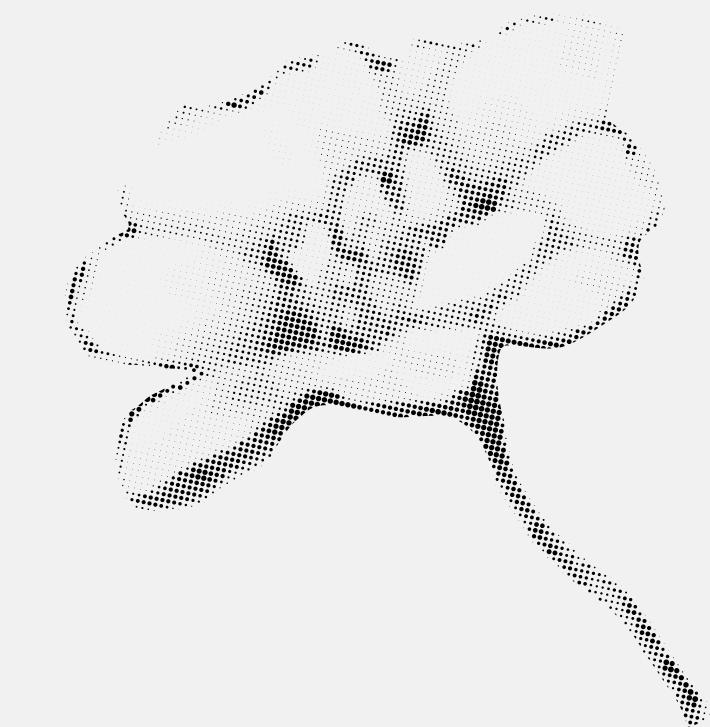

## MIDSUMMA - VOLUNTEER

Australian queer arts and culture organisation that hosts both the Midsumma Festival and Victoria Pride. I volunteered here from December 2022 to January 2023, participating in the preparation before the festival, while my task during it was to check the ID's of people entering in the drinking section.

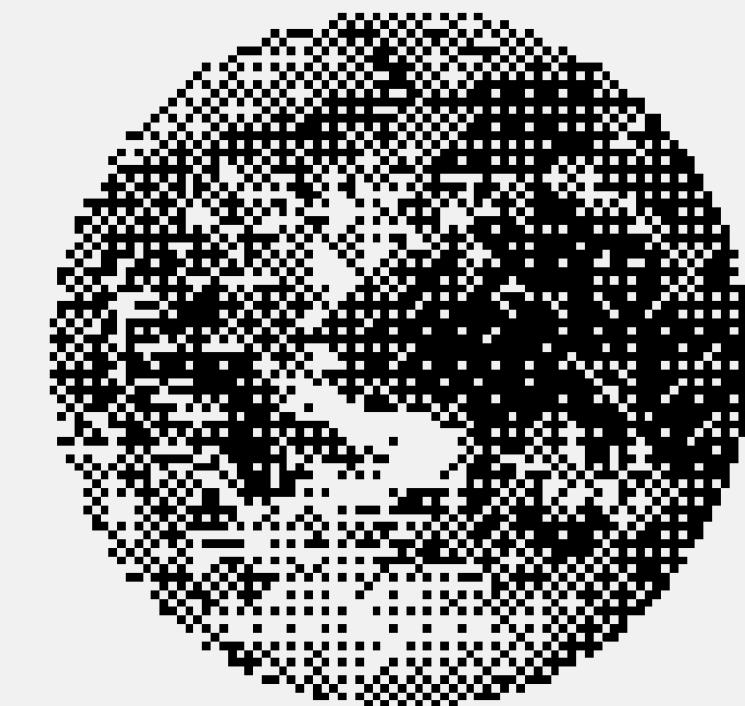

### ASIAN STREET, HOPPERS CROSSING SHOPPING CENTER

My second stint in hospitality, here, besides the waitressing, I learnt how to utilise a POS system and managed delivery calls and takeaway. I worked here from January of 2023 to July, as I was unable to take on more shifts due to my university timetable.

### UNSW COMPETITIVE PROGRAMMING AND MATHEMATICS SOCIETY

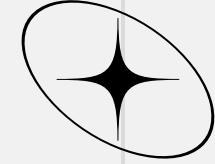

I served as an external advisor that helped the management and planning of a multiple day conference and networking project. My task included brainstorming and planning the activities and asynchronous communication regarding event planning.
